

EXHAUST WRAP

EXO Series™ Exhaust Wrap

EXO Series exhaust wrap is designed for extreme environment use. The EXO Series™ is a dual-layer design, using a combination of hi-temp glass fiber, covered with a 304 grade stainless steel exoskeleton. This unique construction maintains high heat protection while offering superior abrasion and impact protection. EXO wrap was specifically designed to withstand the beating and extreme environments traditional exhaust wraps could not tolerate.

- 1.5" width in 10ft, 20ft and NEW 30ft lengths
- Dual layer design with hi-temp glass fiber encased in a 304 stainless steel exoskeleton
- Exoskeleton creates an air gap between wrap and pipe
- Ability to withstand high heat environments
- Superior abrasion & impact protection
- Capable of withstanding wash down of engine
- Easy to install-Exoskeleton locks together when overlapping to ensure a tight & secure wrap
- Outstanding looks & rugged performance for long term durability

Available in Tan and Black

EXO SERIES WRAP

Part #	Description
010075	1.5" x 10' Tan
010076	1.5" x 20' Tan
010059	1.5" x 30' Tan
010077	1.5" x 10' Black
010078	1.5" x 20' Black
010058	1.5" x 30' Black
