

HEAT PROTECTION

Dimpled Aluminum Sheet

Designed to withstand direct temperatures up to 1100°F, Floor & Tunnel Shield II is the ultimate solution to block radiant heat from entering a vehicles interior and protect under hood components. Constructed from 10 mil dimpled aluminum. Cuts easily with tin snips and can be shaped to conform to bends and curves.

Features:

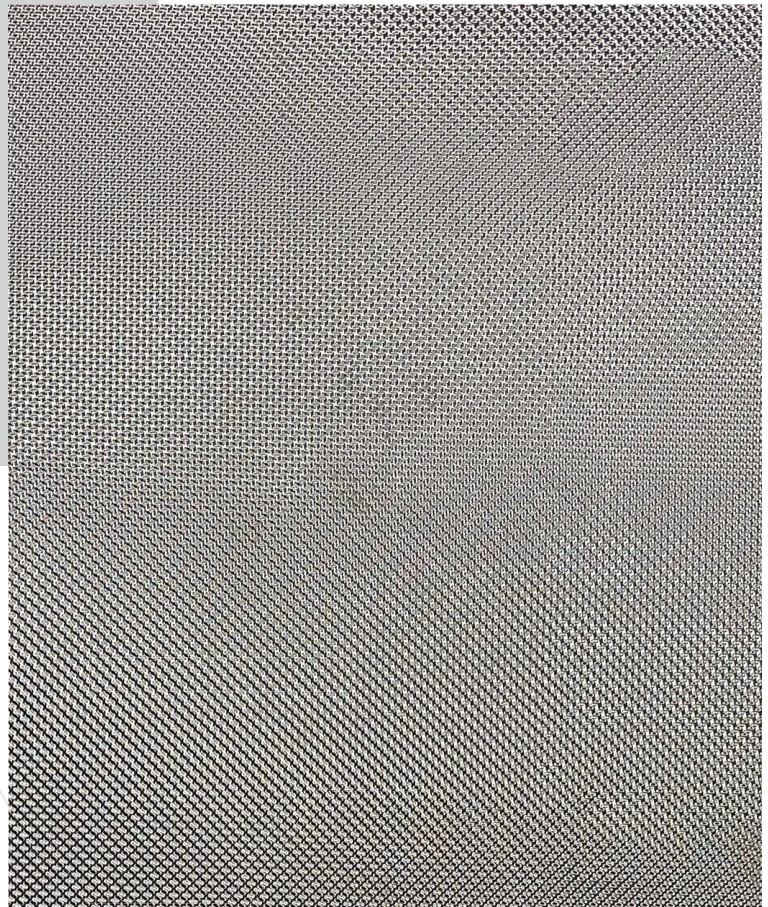

Heat reflective layer
Handles direct heat up to 1100°F

Advantages:

Extremely light weight
Simple to install
Acts as reflective barrier to prevent heat intrusion

Benefits:

Cooler more comfortable interior
Keeps components protected from heat

DIMPLED ALUMINUM SHEET

Part #	Description
10043	42x48 Dimpled Aluminum Sheet
