

HEAT & SOUND CONTROL

# Heat Sheath Protective line sleeve

Designed to slide over wires, cables and hoses, Heat Sheath provides the ultimate protection from extreme heat as well as chemical and oil spills, dirt, grease and road grime. Constructed from high temperature fabric bonded to an aluminized outer layer to reflect heat. Fireproof and withstands direct heat up to 500°F. (Radiant up to 2000°F)

### Features:

- Superior thermal insulating properties
- Aluminized reflective outer layer
- High temp glass fiber insulating inner layer

### Advantages:

- Light weight for high performance applications
- Handles extreme temps
- Pliable so can be used on tight bends

### Benefits:

- Reduces heat strain on lines, hoses & wires
- Keeps lines safe from abrasions
- Protects fluids from potential vapor lock

Also available in bulk spools! Great for shops to have heat protection on hand at all times
