

## Heat Shroud™ Line Sleeving

Heat Shroud is made from the same hi-temp fiberglass fabric bonded to an aluminized material as Heat Sheath with the same features, benefits and advantages but with the added convenience of a hook & loop closure design. Simply wrap Heat Shroud around wires, cables or hoses without the need of removing them.

Heat Shroud protects against oil, dirt, road grime and is fireproof, can be shaped to fit the tightest bends and offers the versatility of fitting diameters from 1/2" to 2-1/2".

### Features:

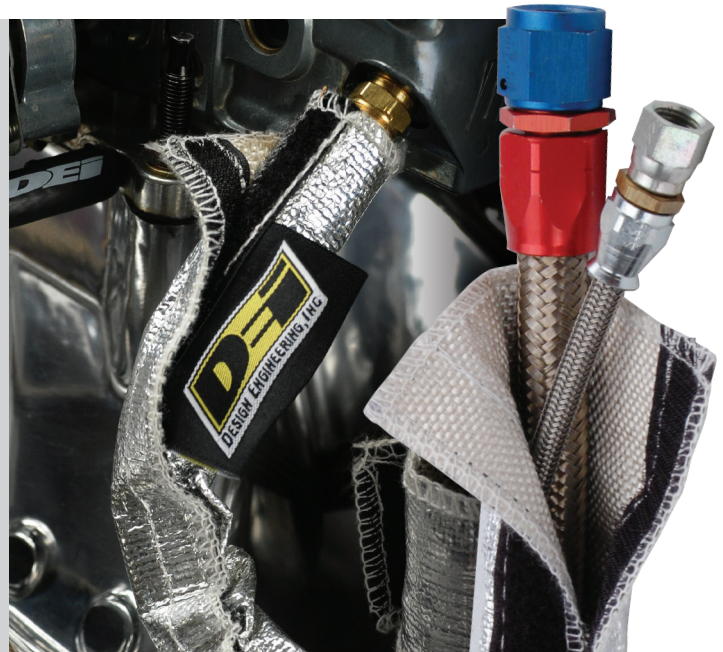

- Superior thermal insulating properties
- Aluminized reflective outer layer
- High temp glass fiber insulating inner layer
- Hook and Loop closure

### Advantages:

- Light weight for high performance applications
- Handles extreme temps
- Pliable so can be used on tight bends
- No need to disconnect lines to install

### Benefits:

- Reduces heat strain on lines, hoses & wires
- Keeps lines safe from abrasions
- Protects fluids from potential vapor lock

### HEAT SHROUD

Part #	Description
10405	1/2" to 1-1/4" ID x 3ft
10457	3/4" ID x 3ft
10487	2" to 2-1/2" ID x 3ft
93405	1/2" to 1-1/4" ID x 50ft
93487	2" to 2-1/2" ID x 50ft

### AN SIZED HEAT SHROUD

Part #	AN Size	Length
10673	12AN	3ft
10674	12AN	10ft
10675	16AN	10ft
10676	16AN	3ft
10677	20AN	3ft
10678	20AN	10ft
