

NEW PRODUCT FROM DEI

HEAT SHIELD LINERS

IN STOCK

Harley Davidson Nightster Heat Shield Liners

Heat from the exhaust system can become uncomfortable, especially riding in slow traffic. This issue really comes into focus for those with shorter legs. Not wanting to disrupt the attractive lines and appearance of the exhaust, DEI's Heat Shield Liner Kit insulates the outer heat shield, without disturbing the looks of the bike. Each piece is precision cut to fit in-between the exhaust pipe and the heat shield, blocking heat transfer and lowering the surface temperatures of the outer shield. Easy to install, with no permanent modifications needed. The Heat Shield Liners are dual layer constructed of Aluminum and our proprietary Dura 2000™ insulating material and offer over a 60% reduction in heat.

- Features:**
Available for stock and popular aftermarket headpipes
CNC cut for a perfect fit • Completely hidden when installed
- Advantages:**
Durable long-lasting materials
Simple installation • No smoke or odor
- Benefits:**
Reduces heat radiating from the exhaust system giving the rider and passenger a cooler ride. This is especially noticeable when the rider stops and puts their feet on the ground.
