

PROTECT-A-BOOTS

Protect-A-Boot Plug Boot Protection

Made from a high temperature resistant glass fiber material and treated with a proprietary coating, Protect-A-Boots provide spark plug boot and wire protection from extreme under hood heat.

* Titanium is made from pulverized lava rock

- Helps prevent burn-through, hardening and cracking of boots
- Non-flammable & protects against chemicals & resists water
- Universal-fits most straight or angled boots
- Withstands up to 1200°F of direct continuous heat
- Titanium up to 1800°F of direct continuous heat
- Double-wall construction for added durability

Size: 1" ID x 6"L • Sewn in Ring
