

# CUSTOM CUT INTERIOR KIT

## '88-'98 Chevy/GMC Custom Cut Interior Insulation Kit

Design Engineering is leading the way with the most advanced thermal acoustic kits for vehicle specific applications. Using a combination of our proven Under Carpet Lite and 2mm damping material, we offer an effective and affordable solution to unwanted heat and noise, in easy to install... pre-cut... vehicle specific kits.

Each kit includes the correct material to cover specific interior areas including floors, firewalls, headliners, trunks and more. Designed using the right amount of material to control vibrations and eliminate undesirable noises such as tire, road and engine noise, all while blocking heat transferred from the engine bay and hot exhausts.

### Features:

- Superior thermal insulating properties
- High tech composite material
- CNC cut pieces for precise fit

### Advantages:

- Light weight for high performance applications
- Absorbs annoying road, tire & exhaust noise
- Economical insulating solution

### Benefits:

- Comfortable interior at any temperature
- Quick & easy installation
- Enhanced stereo performance & sound

### Damping Material

- Eliminate unwanted engine & road noise
- Dampen vibrations
- Peel & stick

### Under Carpet Lite™

- For floors
- Light weight
- Superior heat & noise barrier

Insulation kits are CNC cut for precise fit & easy installtion

### INDIVIDUAL PRE-CUT KITS

Part #	Description	Model
50023	INSULATION KIT	Extended Cab
50022	DAMPING KIT	Extended Cab
50299	ROOF INSULATION KIT	Extended Cab
50300	ROOF DAMPING KIT	Extended Cab
50020	INSULATION KIT	Reg Cab
50021	DAMPING KIT	Reg Cab

Damping Kit reduces noise & vibration throughout the vehicle

For the quietest, most comfortable interiors, first put down the damping kit, then use the insulation kit to create the perfect environment inside your cab.
