

HEAT & SOUND CONTROL

Mazda Miata 1990-2005 NA & NB models Interior Insulation Kit

Quiet your ride with our premium light weight, superior thermal insulating and sound absorbing material kit. By replacing existing padding and insulation with our engineered UC Lite™ material, heat radiating through firewalls, floors and transmission tunnels is drastically reduced. This insulation kit also absorbs annoying sounds like road, tire and exhaust noise. This creates a cooler, more comfortable interior with improved acoustics. All pieces are CNC pre-cut for an easy fit and quick installation.

Features:

- Superior thermal insulating properties
- High tech composite material
- CNC cut pieces for precise fit

Advantages:

- Light weight for high performance applications
- Absorbs annoying road, tire & exhaust noise
- Economical insulating solution

Benefits:

- Comfortable interior at any temperature
- Quick & easy installation
- Enhanced stereo performance & sound

1999-2005 MIATA INSULATION KIT

Part #	Description
